

## Colour scheme

I may have multiple colour schemes to create more personalisation and customisation to my target demographic.

Sample colour schemes:

names:~

sunset

holiday

nature

gamer - dark mode version

## neutral scheme

browns

beiges

term 1

will only

have

a colour

scheme, add

other

colour schemes

in term 2

as an

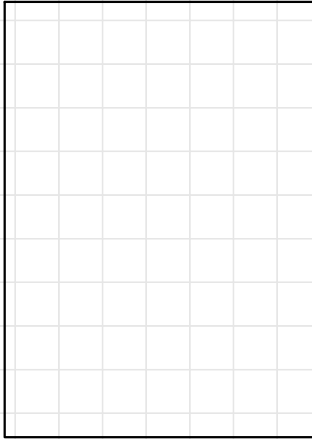

additional feature

avoiding pink/blue as people who identify as male/female may associate to it but as I'm trying to accommodate for more broader gender spectrum as part of my inclusive design.
